Biographical Sketch

Innis Young (1887-1953) was the only son of William Hopkins Young and Martha Innis Young of Poughkeepsie, New York. Innis Young was educated at the Milton Academy in Milton Massachusetts, and Harvard University in Cambridge Massachusetts. He graduated from Harvard in 1914. Although Innis Young was almost completely deaf by the time he was a young man, he nevertheless enjoyed a wide range of cultural pursuits. He was a frequent traveler and collector of fine antiques. Many of the paintings and pieces of furniture that he purchased over the years were exhibited in his home in New Haven, Connecticut. Suffering from ill health, Innis Young returned to Locust Grove and remained with his sister Annette for several years until his death in 1953.

Scope and Content Note

The papers of Innis Young (1887 - 1953) deal with all aspects of his life. They have a general time span from childhood to the months preceding his death in 1953, at the age of 63. These papers provide further documentation on Locust Grove, Innis Young's interests (business and personal), as well as his residence and activities in New Haven, Connecticut.

The papers are organized into two series: 1.) Correspondence, 1893-1953; 2.) Personal Papers. The papers are filed in chronological order when applicable, following their basic original arrangement. The series descriptions will provide further detail for these categories.

The overall condition of the collection is good. However, most of the letters or outer envelopes have a layer of dust/dirt present. Other letters have newspaper clippings enclosed that have discolored the paper and envelopes. The general legibility of the letters is good except in a few extreme cases. Some of the letters are written in foreign languages such as French, German, and Italian.

It should be noted that many of the file folders give Innis Young's birth year as 1890 which is incorrect. The correct year of his birth is 1887.

Series Descriptions

Series 1: Correspondence (1893-1953)

This series is divided into four categories: 1.) Correspondence-Dated, 2.) Correspondence-Undated, 3.) Written Conversations 4.) Empty Envelopes. The correspondence in this series is both to and from Innis Young and includes letters as well as greeting cards, all filed chronologically. All other undated material follows. Correspondents include: Martha Innis Young, William Hopkins Young, Annette Innis Young, Kenneth Hasbrouck. "Written Conversations" are unique to the Innis Young Collection. They comprise notes and parts of conversations created by Innis so that he could communicate with family members and servants after he lost his hearing.

Series 2: Personal Papers

Innis Young's personal papers, like his correspondence, were part of Annette Innis Young's 1975 bequest founding the museum at Locust Grove. They consist of a wide variety of materials arranged alphabetically by subject. In general, because these papers were dispersed throughout the Locust Grove mansion and were not arranged by their creator, unless otherwise noted subject categories have been artificially created to improve access.

The Personal Papers series includes the following major subseries. 1.) Bills are filed chronologically; diaries written by Innis Young between 1899 and 1953; financial matters including cancelled checks and registers; school papers pertaining to the Milton Academy and Harvard University; travel papers including stationery, invoices, travel brochures and schedules depicting Mr. Young's travels throughout the world.. All information concerning the distribution of Innis Young's estate is contained in the Estate category. Finance includes all documents regarding stocks, bonds bank statements, tax information, etc.

Subjects include: Huguenot Historical Society, Gifford, Sherman & Innis Dye Works, Harvard University, Milton Academy, Poughkeepsie (New York State), Landscape Design, Architecture (New York State), New Haven (Connecticut).
